WORTH KNOWING

- Beach setup note: sand isn't a stable base for foam/inflatable equipment on its own — we lay matting or a groundsheet underneath first. Wind can also be a factor for the taller Carousel piece; we'll check forecast closer to the date.
- Access fee applies per delivery leg — a job with difficult access on both delivery and collection is not double-charged for the same leg.
- Out-of-hours fee is based on the actual time of delivery or collection, whichever falls outside 8am–8pm — not the event time.
